

# JOSEPH GREENBAUM

Dear Children of the Future:

My name is Joseph Greenbaum. I came to the Kansas City area in the year 1949 because my whole family was destroyed. I was the only survivor. I had an uncle in Kansas City who brought me over.

My proudest accomplishments since coming to the United States are becoming a U.S. citizen and finding a job to support my family and feeding them in a free country.

The Midwest Center for Holocaust Education is important for Kansas City because of educating the younger generations about the Holocaust and the Nazi regime.

From studying the Holocaust, you should learn what it means to live in a democracy as a free person.

My message for you, our future generation, is to work with your government to preserve the freedom in which you live.

Very truly,

Joseph Greenbaum
