MCHE Celebrates 25 Years

on the stage at Starlight Theatre
An Evening With Henry Winkler

Henry Winkler’s portrayal of The Fonz for 10 seasons on Happy Days made him one of the most recognized actors in the world. His extensive list of stage and television credits, producing roles, children’s books, and award recognitions make him one of our country’s most desirable speakers.

But Winkler is also the son of refugees from Nazi Germany. Most of the actor’s extended family perished in the Holocaust.

On Sunday, October 28, Winkler will take stage at Starlight Theatre at the Silver Anniversary Celebration of MCHE in “An Evening With Henry Winkler” and will share stories about his long and impressive career.

SILVER ANNIVERSARY CELEBRATION CO-CHAIRS

Tim Van Zandt and Christopher Beal
In a year defined by the assassinations of Martin Luther King, Jr. and Robert Kennedy, sit-ins on college campuses protesting the quagmire in Vietnam, violent demonstrations and the arrest of the Chicago Seven at the Democratic National Convention, I and many of my fellow baby boomers cast our first vote in a presidential election. Events did not go as we had planned. We found our voice, but it seemed no one was listening.

The following year witnessed the moon landing and Woodstock. That fall, I began what would become a 24-year teaching career. I look back fondly on those times when teachers enjoyed greater academic freedom, more actual instructional time—and security. Yes, there was the occasional confrontation with a student or an encounter with an irate parent, but we knew nothing of armed security officers, active shooter drills or the need for designated gun-free zones.

In fact, I remember one time in the 80s when the teachers were asked to complete a district survey aimed at assessing how safe we felt. Safe from what, we wondered? Why would we feel anything else, cocooned within our homogeneous suburban middle school?

WE MUST NOT LET 2018 BE REMEMBERED AS THE YEAR OF SCHOOL SHOOTINGS, GUN VIOLENCE AND THE LOSS OF SO MANY YOUNG LIVES. THIS TIME, IT MUST BE DIFFERENT. AS STUDENTS FIND THEIR VOICE, IT IS OUR RESPONSIBILITY TO LISTEN.

Fast forward to 2018. Teachers and their students face challenges and threats we would never have imagined in “the good old days.” Texting substitutes for conversation, and critical thinking is on the decline. With the advent of social media, it is harder to distinguish truth from propaganda and misinformation. Even if disavowed or disproven later, the damage is often irreversible. Bullying, now practiced anonymously and online, has risen to tragic proportions. Even more alarming are threats to physical safety.

At Marjory Stoneman Douglas High School in Parkland, Florida, the victims were a united body prior to the tragedy. They cheered for the same teams, shared the same lunchroom, and now they are united in finding their common voice. They are not violent. They are articulate, organized and committed. They have started a movement, ironically called “Never Again.”

They remind me of three German university students—Hans and Sophie Scholl and Christopher Probst—who sacrificed their lives for the White Rose movement they launched to protest the repressive and murderous Nazi regime. MCHE’s White Rose Student Essay Contest and White Rose Membership Society honor their courage and their memory.

With the voting age lowered to 18 by the 26th Amendment in 1971, many will find their voice in the upcoming off-year elections and certainly in the 2020 presidential race.

We must not let 2018 be remembered as a year of school shootings, gun violence and the loss of so many young lives. This time, it must be different. As students find their voice, it is our responsibility to listen.
Twenty-five years ago, in 1993, Bill Clinton was President, Yitzhak Rabin and Yasser Arafat signed a peace agreement on the White House lawn, Islamic fundamentalists bombed the World Trade Center, *Schindler’s List* was released and the U.S. Holocaust Memorial Museum opened its doors. 1993 was also the year that the Midwest Center for Holocaust Education was founded. Jack Mandelbaum became our first president, Isak Federman was appointed as chairman and Jean Zeldin was hired as executive director.

**A Center of Excellence**

Over the years, MCHE has sponsored countless programs, speakers and exhibits—often in partnership with local and national organizations—to bring unique, creative and meaningful educational opportunities to the Kansas City area. By 2001, MCHE was one of only 16 Holocaust centers designated by the Jewish Foundation of the Righteous in New York as a Center of Excellence. We remain one of 12 still in that program.

On Sunday, October 28, we will gather to celebrate MCHE’s important work, promoting its mission — to teach the history of the Holocaust, applying its lessons to counter indifference, intolerance and genocide. We also will honor our local survivors—many of whom are no longer with us—who were instrumental in building this organization.

**Need to Educate**

With antisemitism on the rise in many parts of the world and almost daily events in the news to remind us of the relevance of our mission, we cannot lose sight of the critical role that MCHE plays in our community and the need to continue to educate as many youth and adults as possible.

To be successful, we must continue to grow our endowment, ensuring that in these turbulent times we have the funds available to spread our message and reach as many people as possible. Our challenge is not only to protect the legacy of those who have left us but also to ensure that future generations will know their stories and learn the lessons that we have been taught.

**Silver Anniversary**

I ask each of you to take this opportunity to reflect on the progress this organization has made in the last 25 years and also to re-examine your personal commitment to MCHE. Your support is paramount to our continued impact.

In the coming weeks, we will announce additional details regarding sponsorships and patron opportunities for our Silver Anniversary Celebration. Please consider supporting this milestone event and helping to spread the word by letting us know of any businesses or organizations that may be interested in participating.

HOLOCAUST REMEMBRANCE IN ISRAEL

Holocaust Martyrs’ and Heroes Remembrance Day, as it is known in Israel, (Yom Hashoah in Hebrew), is a solemn day of national commemoration beginning at sundown on the 27th day of Nisan on the Hebrew calendar and ending, per Jewish tradition, at sundown the following evening. Places of entertainment are closed. Memorial ceremonies are held throughout the country and broadcast on television, with the central ceremonies held at Yad Vashem.

On the morning of Yom HaShoah, corresponding this year to April 12, a siren is sounded for two minutes throughout the country, during which all activity is halted and everyone stands at silent attention in reverence to the victims of the Holocaust.
Testimony in the Classroom includes *Big Sonia* Screening

**TUESDAY, JUNE 26**
9:00 A.M. - 4:00 P.M.
CONFERENCE ROOM C
JEWS COMMUNITY CAMPUS

Incorporating survivor narratives into Holocaust education personalizes the history being taught, helping educators to effectively integrate survivor testimony into their classroom instruction on the Holocaust while enhancing student understanding of the impact of historical events on individual people and families.

Featuring the Echoes and Reflections curriculum, MCHE’s Witnesses to the Holocaust Archive and the classroom version of *Big Sonia*, a documentary about local survivor Sonia Warshawski, workshop participants will explore various types of video testimony and their use in the classroom.

Each participant will receive a complimentary copy of the *Echoes and Reflections* Teacher Resource Guide. A fee of $20 includes a light lunch. Participation is limited to 50 and is open only to 7-12th grade educators. Registration is available at mchekc.org/echoesandreflections.

**Speed Storytelling Features Local Survivor Experiences**

At an event modeled on speed-dating, members of the Isak Federal Holocaust Teaching Cadre introduced teachers to profiles of nine local Holocaust survivors. The cadre members, who spent 2017 researching survivor testimonies and histories, curated clips from these testimonies that would be beneficial for classroom use.

The nine profiles represented the diversity of experiences included in MCHE’s Witnesses to the Holocaust Archive, which features survivors from five countries and includes life in the camps, seeking refuge in the Soviet Union, hiding, participation in resistance activities and emigration.

As one of 25 events offered in conjunction with our 25th anniversary, MCHE will offer Speed Storytelling at its Annual Meeting on June 12. Please make reservations by calling 816-327-8196 or emailing rsvp@mchekc.org.

**MCHE’S ONLINE ARCHIVE INCLUDES TESTIMONIES FROM MORE THAN 70 LOCAL SURVIVORS. PLEASE VISIT MCHEKC.ORG/SURVIVORS-TESTIMONIALS.**
Perspectives on the Holocaust

JUNE 11-14
9:00 A.M. - 4:00 P.M.
JEWISH COMMUNITY CAMPUS
CONFERENCE ROOM C
5801 WEST 115TH STREET
OVERLAND PARK, KANSAS

This series of four workshops examines the Holocaust through a few of the many perspectives of those who lived through it, focusing on policies and experiences of perpetration based on geography—especially in Eastern Europe.

Each workshop features primary source documents and resources for classroom use. Pending availability, a survivor representing a specific geographic experience will be interviewed during each session.

Participants will learn from lectures, extensive primary source analysis and seminar-style discussions of content. A registration fee of $20 per session or $60 for the four-day series includes all necessary materials. Registration is available at mchekc.org/perspectives.

Workshops include:

The Holocaust in Germany
June 11

German Jews experienced six years of increasing persecution before World War II officially began in Europe. These years applied unique pressures on that community but also afforded it an important window of time in which to take action to leave Germany and, sometimes, even Europe. For those who did not manage to secure their emigration from Germany, the Holocaust unfolded differently than anywhere else in Europe. This session will explore the unique circumstances of the Holocaust in Germany.

The Holocaust in Poland
June 12

Beginning with the Nazi invasion of Poland on September 1, 1939, Polish Jews faced immediate persecution and acts of violence. Their experiences—which included war-time occupation, ghettoization, forced labor and the first deportations to killing centers—resulted in a 90 percent death rate. This session will explore these unique factors of the Holocaust in Poland with an emphasis on the Operation Reinhard killing centers: Belzec, Sobibor and Treblinka.

The Holocaust in the Soviet Union
June 13

Operation Barbarosa brought total war and genocide to the Jews of eastern Poland and the Soviet Union. As the German armies conquered territory moving eastward, special squads called the Einsatzgruppen implemented the first genocidal policies of the Holocaust as they conducted mass shootings. This shift in German policy resulted in a unique set of circumstances, ranging from mass murder to the flight of refugees deep into the Soviet Union where they often faced persecution by a different oppressor. This session will explore the unique circumstances of the Holocaust in the Soviet Union.

The Holocaust in Hungary
June 14

In 1944 there was one remaining, largely intact Jewish community left in Europe. The Jews of Hungary, living in an Axis country, had faced discrimination and persecution at the hands of the Hungarians, but the country had not been occupied and the Jews had not been deported. That all changed in the spring of 1944 when, in the course of fewer than three months, the country was occupied and its Jewish population of over 400,000 deported and largely murdered at Auschwitz-Birkenau. This represented the height of the capabilities of the industrial killing complex and a specific and concerted effort by the Nazis to reach this community before the war was lost. This session will explore the unique circumstances of the Holocaust in Hungary.

Funding for MCHE’s School Outreach and Teacher Education is provided, in part, by a generous allocation from the Jewish Federation of Greater Kansas City.
CONCLUDING FILM IN 2018 SERIES

The Witness House

WEDNESDAY, APRIL 25 • 7:00 P.M.
JEWISH COMMUNITY CAMPUS SOCIAL HALL
5801 WEST 115TH STREET • OVERLAND PARK, KANSAS

It is autumn of 1945 and the Nuremberg Trials are about to begin. High ranking war criminals are to be brought to justice.

In a curious yet fascinating twist, witnesses for both the prosecution and the defense are housed together in a villa on the outskirts of town. On any given evening, concentration camp survivors sit next to personal friends of Hitler, resistance fighters next to SS officers, and counterintelligence officers next to former heads of the Gestapo.

Hired by the U.S. military administration as a house manager, Countess Belavar does her best to maintain a cultivated atmosphere as guests try to adjust to each other and to the new times. When the first testimonies are presented in the courtroom, however, realities of the past become too present to be ignored. (Running time: 105 minutes, German with English subtitles)

Complimentary movie snacks will be provided.

Donations at the door are appreciated but not expected.

For reservations and early seating at 6:30 p.m., email rsvp@mchekc.org or call 913-327-8196 by noon the day prior to the film. General seating begins at 6:45 p.m.
