

EVA HARTWICH

Dear Children of the Future:

My name is Eva Hartwich. I came to the Kansas City area in the year 1947 because my husband's occupation was in the grain trade. I spent 8 years in Shanghai.

My proudest accomplishments since coming to the United States are becoming an American citizen and having a new homeland.

The Midwest Center for Holocaust Education is important for Kansas City because I want to share my life story with the children of Kansas City and the USA.

From studying the Holocaust, you should learn about prejudice around the world, which is still going on.

My message for you, our future generation, is I have a Jewish friend (80 years old) who did not know what *Kristallnacht* is about.

Very truly,

Eva Hartwich
