

# EUGENE LEBOVITZ

Dear Children of the Future:

My name is Eugene Lebovitz. I came to the Kansas City area in the year 1959 because I was hired to be the head fashion designer for Youthcraft Manufacturing Company.

My proudest accomplishments since coming to the United States are becoming a U.S. citizen and giving my four children a better life and an education.

The Midwest Center for Holocaust Education is important for Kansas City because it is the only institution that teaches the lessons of the Holocaust to local people.

From studying the Holocaust, you should learn that in the Holocaust we were slaughtered and never had a chance to fight. Now we have Israel and can fight for our freedom.

My message for you, our future generation, is guard your freedom and respect people.

Very truly,

Eugene Lebovitz
